

WE NOW HAVE AVAILABLE LOW COST ALTERNATIVE TO VIAGRA® TABLETS!

Sildenafil, the active ingredient in Viagra®, is now available in a generic 20mg tablet, and it is MUCH cheaper than Viagra®.

Ex: Five 20mg tablet of Sildenafil is equivalent to one 100mg Viagra®.

Price: 30 Sildenafil 20mg (six 100mg doses) \$50 VS \$240 for six Viagra® 100mg.

Note: This is the FDA approved generic of Revatio® 20mg tablet. The FDA has not approved generic Viagra®, even though the active ingredient is identical, just in a different strength.

It is Brandon Pharmacy's desire to assist you in reducing your patient's cost and increase their ability to pay for their ED medication.

We CANNOT substitute any prescription (or refill) written for Viagra® without a phone call to the prescriber to get authorization for the following New Rx:

Sildenafil 20mg #30

Directions: Take up to 5 tablets (100mg) as needed prior to sexual activity

Going forward, just be sure to write all new Rxs for Sildenafil 20mg in the format above.

As with most generics, Brandon Pharmacy offers great prices base on our acquisition cost. We have no control over our competitor's prices, or if they are even stocking this generic.

Prescribers: You can phone, fax, or Escript the prescription to Brandon Pharmacy (we recently changed our name and may be found under Brandon Health Mart Pharmacy).

If mailed, most packages are received in 1-2 days at no extra charge.
